Wolmanized Brickmold

- ✓ True Pressure Treated Kiln Dried moulding
- ✓ 30 year warranty
- ✓ Very cost effective
- ✓ Other profiles available

STOP THE ROT

Most door unit manufacturers use White Pine brickmold that rots in 3-5 years, guaranteed. Once the brickmold is compromised, other rot problems in the wall itself can lead to very expensive repairs. Delta Millwork's exclusive Wolmanized brickmold stops all that, and stands behind it with a 30 year "no rot" guarantee.
